

Uniform ordering information

New Assumption Cross Country athletes and any girl who must replace a lost, damaged or uniform that no longer fits, must purchase their uniform and a podium shirt. This includes a singlet and the black shirt we call the podium shirt. This typically also includes shorts, but as the shorts are relatively common and include no Assumption text or logo, some girls may already own a pair. We don't allow just any shorts though, so please verify that your shorts are ok before assuming you don't need a pair.

All orders are placed online during a specific time frame (July 26 – August 3). Once the time frame closes, we cannot order any more uniforms. The website and a password to enter the website are provided on the other side of this handout.

Singlet: this is a white tank/singlet top with the school "A" logo on the front. We can bring sample size smalls to practice and other sizes if we have any. The girls will wear this uniform top to all meets and compete in this top. This is a required item for all girls who do not have the singlet already.

Podium shirt: a short sleeve black Nike dri-fit shirt with "Assumption Cross Country Rockets" on the front. We require that the girls wear this shirt over their uniform when they arrive at meets. They don't race in this shirt, it's a shirt they wear when they arrive and if they get an award. This is a required item for all girls who do not have the podium shirt already. This shirt will be something the girls may wear as spiritwear, or when they're out and about, so it should get a decent amount of use.

Uniform shorts: the shorts purchased here depend on whether a girl is planning to do Group A or Group B. There are uniform matching rules and so the shorts across girls must match when we compete in the weekend meets.

- **Group A girls** should purchase the black spandex (volleyball) shorts. For our girls who've played volleyball, these shorts may already be something you have. Please check with Coach Barry to ensure that you have the correct style if you prefer to use those shorts. These shorts may be worn in meets, practices or anywhere, so they'll be something that gets used a lot. If you are a group A girl with objections or concerns related to wearing the spandex, then please be sure to speak with Coach Haworth.
- **Group B girls** may purchase either the black spandex or the regular black Nike shorts.

The uniform purchasing window is July 26-August 3. Girls needing these items must purchase them during this time period, because once the window closes, no more orders may be placed. The uniforms are then delivered to the school (typically by late August, but before our first meet) and give out to the girls.

Note that the price on the regular shorts (black Nike with white stripe) and spandex shorts is somewhat reasonable and probably lower than what you'd get at Dicks or elsewhere. For this reason, some parents opt to get some extra shorts at this relatively good price so that their daughter has extra pairs of shorts that she can wear to practice.
